Check Out a Book - Passage 1 Fluency: 64 WCPM | Accuracy: 100% | Retell: 19 WPM | Retell Quality: 2

There are many reasons to go to a library. You can find many books there. Did you know that a library also has movies and music? Many have SC just for kids, too. You can go to story time or meet a real SC.

If you want to borrow something from the library, you need to get a library card. To get a card, 1 an adult must fill out a form. The form has information such as the person's name and address. At many libraries, children may get a card too, but an adult must sign the form. When you get your card, learn the library's rules. Ask how many items you can check out at one time. Also ask how long you may keep them.

Once you have your card, you are ready to find something to check out. You can use the library's computer to find a book or a movie. Search by title, author's name, or subject. Or, you can always just browse. Maybe you want to read a fiction book. Look at the books in the fiction section. Or browse the movie section. You are sure to find something you like!

Once you have chosen the items you want, take them to the front desk. Give the librarian your library card and your items. He or she will check them out for you and tell you when to bring them back. Remember to return the items by their due date. Then come back to the library to check out more items!
